Linkedin- <https://www.linkedin.com/in/krishna-kumar-6540b9249>

## PROFESSIONAL SUMMARY

Mechanical Design Engineer in CAD-based product design, fixture and gauge development, and quality engineering in automotive Tier 1 manufacturing. Proficient in SolidWorks, and AutoCAD for 3D modeling and 2D drawing creation. Hands-on expertise in GD&T, PPAP, Control Plans, 5S, and Kaizen.

## CAD SOFTWARE PROFICIENCY

|                               |                              |                                   |                                  |
|-------------------------------|------------------------------|-----------------------------------|----------------------------------|
| <b>SolidWorks</b><br>Advanced | <b>AutoCAD</b><br>Proficient | <b>Siemens NX</b><br>Intermediate | <b>MS Office</b><br>Intermediate |
|-------------------------------|------------------------------|-----------------------------------|----------------------------------|

## CORE COMPETENCIES

|                                                     |                                                                    |                                           |
|-----------------------------------------------------|--------------------------------------------------------------------|-------------------------------------------|
| • GD&T                                              | • PPAP & Control Plan Documentation                                | • 3D Modeling & 2D Drawing / BOM Creation |
| • Welding Fixture, Checking Gauge, Tool Design etc. | • Vernier, Micrometer, Height Gauge, Filler Gauge, Dial Gauge etc. | • 5S, Kaizen & Process Improvement        |
| • New Tooling Development                           | • Manufacturing Process                                            | • CNC & VMC Machine Operate               |

## CERTIFICATIONS & TRAINING

- **SolidWorks:**– Professional-level 3D CAD modeling, Surfacing, Sheet Metal, Assembly, Drafting, Molding, Simulation, & Weldment's.
- **AutoCAD:**– Sketing, Nesting, Strip Layout, 2D Drafting, Isometric Drawing, Technical Drawing with GD&T Symbol, and annotation.
- **Siemens NX:**– Basic Knowledge

## WORK EXPERIENCE

### Jr. Design Engineer | Usaka Engineers\_Faridabad

FEB 2026 – Present

- Develop 3D CAD models and 2D drawings using SolidWorks, AutoCAD per client specifications.
- Design **welding fixtures** and **checking gauges** compliant with component drawings and GD&T standards.
- Coordinate with tool room during fixture and gauge manufacturing and try-out phases.
- Implement design changes to resolve production and inspection issues.
- Desingned and development **Sheet Mretal Bending Tool's** for accurate and repeatable forming operation.
- Worked on Blanking Tool design, Including strip layout, punch, die and die-set.
- Optimized tool design and Production, Quality and tool life
- Maintain organized design files, revision history, and BOMs for full project traceability.
- Developed **Blanking and Bending Press Tools** using SolidWorks.
- Prepared **Strip Layouts** for progressive die development.
- Prepared **Bill of Materials (BOM)** and manufacturing documentation.

**Jr. Design Engineer | Jayem Auto Industries Pvt. Ltd.\_Faridabad**

Sep 2024 – Feb 2026 (1 Year 6 mos)

- Pipe bending process.
- Knowledge of coordinate's.
- Designed pipe bending components and assemblies as per customer requirments.
- Devlopment and modified checking guage's or inspection of bent components.
- Applied GD&T tolerances and manufacturing standers in design & detailing.

**Machine Operator (Trainee) | Sona BLW Precision Forging India Ltd.\_Manesar, Gurugram**

(Aug 2022 – Sep 2024 (2 year's 1 mos)

- CNC & VMC Machine Oprator with knowledge of machine setup, measuring instruments, and production processes.
- Operated CNC and VMC machines for precision machining of production components.
- Performed machine setup, job changeovers, and tool offset corrections.

**EDUCATION**

|      |                                                                                                         |          |
|------|---------------------------------------------------------------------------------------------------------|----------|
| 2022 | <b>Polytechnic Diploma in Mechanical Engineering</b><br>Prabhat Engineering College, Kanpur Dehat, U.P. | BTEUP    |
| 2019 | <b>Senior Secondary</b><br>D.G.A. Inter College, Barhapur, Kanpur Dehat, U.P.                           | UP BOARD |
| 2017 | <b>Secondary</b><br>D.G.A. Inter College, Barhapur, Kanpur Dehat, U.P.                                  | UP BOARD |

**PERSONAL DETAILS**

**Date of Birth:** 20 MAY 2001    **Languages:** English, Hindi, Gujrati    **Marital Status:** Unmarried
